Since the announcement of the Tender Offer on June 3, 2025, Toyota Fudosan has engaged in constructive dialogue with a number of institutional investors of the Target Company regarding the Tender Offer. As a result, on March 1, 2026, Toyota Fudosan and Elliott executed a tender agreement (the “Tender Agreement”), pursuant to which Elliott and its affiliates will tender 20,036,150 Target Company Shares (ownership percentage: 6.7%) and the Target Company Shares which will be held by Elliott or its affiliates on or after such date (collectively, the “Elliott-owned Shares”), on the condition that the Conditions Precedent for Tender (as defined in “(6) Matters relating to material agreements regarding the Tender Offer” below) are satisfied. The Offeror plans to increase the Tender Offer Price to 20,600 yen, subject to its obtaining, by March 9, 2026, from Sumitomo Mitsui Banking Corporation, MUFG Bank, Ltd., and Mizuho Bank, Ltd., loan certificates for the amount of borrowings necessary to fund the purchase, etc. at the Tender Offer Price After the Change (as defined in “(6) Matters relating to material agreements regarding the Tender Offer” below).

For the details of the Tender Agreement, please refer to “(6) Matters relating to material agreements regarding the Tender Offer” below.

According to the amendment report dated February 5, 2026, filed by Elliott Investment Management L.P., an affiliate of Elliott, it is stated that Elliott Investment Management L.P. directly or indirectly holds 23,251,500 Target Company Shares (ownership percentage: 7.7%). However, according to Elliott, Elliott had approximately USD 80 billion in assets under management as of December 31, 2025 and typically holds, structures, hedges, or finances its investments through various arrangements with financial institutions etc. In light of such arrangements with financial institutions etc., the Elliott-owned Shares represent all of the Target Company Shares that Elliott was able to commit to tender into the Tender Offer at the time of execution of the Tender Agreement.

As a result, as stated in “(c) Details of the decision-making by the Target Company” in “(ii) Decision-making process and details and reasons for the Target Company’s decision to issue the opinion to support the Tender Offer” in “(2) Background, purpose, and decision-making process leading to the decision to conduct the Tender Offer, and management policy following the Tender Offer” below, at its board of directors meeting held on January 14, 2026, the Target Company adopted a resolution indicating that it would express an opinion in support of the Tender Offer again and that it would change its decision as of June 3, 2025 and recommend that shareholders of the Target Company tender their shares in the Tender Offer.

Subsequently, the Offeror commenced the Tender Offer on January 15, 2026. However, comprehensively taking into account the number of share certificates, etc. tendered in the Tender Offer by the Target Company’s shareholders after the commencement of the Tender Offer, prospects for their tendering going forward, and other factors, as of February 12, 2026, the Offeror had made the decision to extend the Tender Offer Period to March 2, 2026, thereby setting the period as a total of 31 Business Days, with a view to providing the Target Company’s shareholders with an additional opportunity to make a decision regarding whether to tender in the Tender Offer and to further increasing the possibility of the successful completion of the Tender Offer.

Subsequently, taking into account that Toyota Fudosan executed the Tender Agreement with Elliott, on March 2, 2026, the Offeror decided to extend the Tender Offer Period to March 16, 2026, thereby setting the period as a total of 41 Business Days, including to provide the Target Company’s shareholders with an additional opportunity to decide whether to tender in the Tender Offer.

(Before amendment)

Although the Tender Offer Period was set at 20 Business Days, comprehensively taking into account the number of share certificates, etc. tendered in the Tender Offer by the Target Company's shareholders after the commencement of the Tender Offer, prospects for their tendering going forward, and other factors, on February 12, 2026, the Offeror extended the Tender Offer Period to a total of 31 Business Days, with a view to providing the Target Company's shareholders with an additional opportunity to make a decision regarding whether to tender in the Tender Offer and to further increasing the possibility of the successful completion of the Tender Offer. In addition, the Tender Offer is a so-called pre-announced tender offer, and therefore a relatively long period of time will be secured after the announcement of a series of transaction terms, including the Tender Offer Price, before the commencement of the Tender Offer. In addition, no agreement which would unduly restrict the Target Company's contact or the like with a counter offeror has been executed between Toyota Fudosan and the Target Company. Accordingly, Toyota Fudosan believes that Toyota Fudosan has ensured an opportunity for the Target Company's shareholders to make an appropriate decision regarding tendering in the Tender Offer and for a counter offeror to make an acquisition proposal.
