Participation in Initiatives

Sustainable Development Goals (SDGs)

The 2030 Agenda for Sustainable Development (the 2030 Agenda) is a set of international development goals from 2016 to 2030, which was adopted by the UN Sustainable Development Summit held in September 2015. The 2030 Agenda listed "Sustainable Development Goals" consisting of 17 goals and 169 targets in order to eradicate poverty and realize a sustainable world. The SDGs are universal goals applicable and pledge "Leave no one behind." through the implementation process.

TCFD (Task Force on Climate-related Financial Disclosures)

TCFD refers to the Task Force on Climate-related Financial Disclosures, established by the Financial Stability Board (FSB) at the request of G20 with Michael Bloomberg as its chairman, to examine how climate-related information should be disclosed, and how should financial institutions respond. TCFD published its final report in June 2017, and recommends companies to disclose items related to climate change-related risks and opportunities.

Declaration of Biodiversity by Keidanren

The Declaration of Biodiversity by Keidanren is an statement of the determination and guidelines for action on biodiversity conservation from the standpoint of corporations in order to realize a sustainable society through the creation of a society that coexists in harmony with nature.

30 by 30 Alliance for Biodiversity

The "30 by 30 Alliance for Biodiversity" is an international goal pledged at the G7 summit to conserve at least 30% of land and sea by 2030. As a key measure to achieve the target, the Ministry of the Environment is considering further expansion of protected areas in Japan and certification of sites that contribute to biodiversity conservation in areas other than protected areas.

GX League

The GX League is a forum for companies that are taking on the challenge of GX* with a view to achieving carbon neutrality by 2050 and social change, and aiming to achieve sustainable growth, to collaborate with companies, government, and academia that are engaged in similar initiatives.

*GX : Green Transformation

··· Transformation of the entire economic and social system to move quickly to a carbon neutrality.

Japan Partnership for Circular Economy (J4CE)

The "Japan Partnership for Circular Economy" was founded for the purpose of strengthening public and private partnerships, with the aim of further fostering understanding of the circular economy among a wide range of stakeholders, including domestic companies, and promoting initiatives in response to the accelerating global trend toward a circular economy.

Japan Platform for Migrant Workers towards Responsible and Inclusive Society (JP-MIRAI)

The objective of the JP-MIRAI is to promote inclusive economic growth and sustainable development of the society. By cooperating with stakeholders to protect the rights of migrant workers and improve their working and living conditions, the organization aims to accept migrant workers responsibly, making Japan a country of choice. More than 700 diverse stakeholders, including private companies, local governments, NGOs, scholars, and lawyers, are members. JP-MIRAI undertakes initiatives to protect the rights of foreign workers and improve their living and working conditions, conducts discussions and research through subcommittee activities, and raises awareness through seminars and forums.

JP-MIRAI
